

Little Salmon Solar Franklin County, New York

60-DAY NOTICE OF INTENT TO FILE AN APPLICATION

Little Salmon Solar, LLC is proposing to construct the Little Salmon Solar Project, a major solar electric generating facility, under Article VIII of the New York State Public Service Law (Article VIII). This notice announces that on or about May 26, 2026, Little Salmon Solar intends to file an Application with the Office of Renewable Energy Siting and Electric Transmission (“ORES” or the “Office”), pursuant to Article VIII seeking a Siting Permit from the Office authorizing the construction and operation of the Little Salmon Solar Project. The Article VIII process has been implemented by rules enacted by the Office and establishes a review process with uniform standards and conditions for all renewable energy projects. The uniform standards and conditions are available at 16 NYCRR 1101-3 and <https://dps.ny.gov/ores-regulatory-documents>.

The Little Salmon Solar Project is proposed to be an approximately 200-megawatt (MW) solar photovoltaic electric generating facility to be located in the Towns of Fort Covington and Westville, Franklin County, New York (the “Project”).

The Facility is a zero-emission solar energy facility that will assist the State in meeting the goals of the Climate Leadership and Protection Act and State Energy Plan, which includes obtaining 70% of energy generation from renewable sources by 2030 and significantly reducing greenhouse gas emissions. Other positive impacts of the Facility include diversification of energy supplies, new employment opportunities (both temporary construction and full-time employment), increased revenues to the Towns of Fort Covington and Westville, Franklin County, and School Districts, payments to participating landowners, support of the local hospitality industry, and purchase of local supplies and goods. In addition, Little Salmon Solar has attempted to minimize impacts associated with the Facility, for example, by limiting impacts to wetlands to the maximum extent practicable. Little Salmon Solar will submit an Application that includes extensive studies evaluating the potential impacts associated with the Facility and identified methods which have been agreed to be implemented to avoid, minimize and mitigate potential impacts. This notice is being provided in accordance with 16 NYCRR 1100-1.3(f) and is being published at least sixty (60) days prior to the filing of the Application.

For more information about the Project, please visit the Project website at <https://us.boralex.com/en/projects-and-sites/solar-little-salmon>, on the ORES website (<https://dps.ny.gov/ores-permit-applications> under ORES Matter No. 24-03063) or contact Little Salmon Solar at:

Little Salmon Solar Project
Attn: Morgan Roy
c/o Boralex, Inc.
39 Hudson Falls Road
South Glens Falls, NY 12803
Phone: 603.258.1834
Email: morgan.roy@boralex.com

Hard copies of the Application, when filed, will be available for review at the following local document repositories:

Fort Covington Town Hall - 2510 Chateaugay St Fort Covington, NY 12937
Westville Town Hall – 4326 State Route 37, Malone, NY 12953

Pursuant to 16 NYCRR 1100-5, Little Salmon Solar will submit with the Application \$1,000 dollars for each MW of capacity for local agencies and potential intervenors, which for this project totals \$200,000. Any local agency or potential community intervenor can submit a request to the Office for funding within thirty (30) days of the date of the application filing. 75% of the local agency account funds shall be reserved for local agencies. Intervenor requests can be made to: the Office of Renewable Energy Siting and Electric Transmission, Attn: Request for Local Agency Account Funding [Matter No. 24-03063], c/o OGS Mailroom, Empire State Plaza, Agency Building 3, Albany, NY 12223
